ABOUT THE TRUST

Nehru College of Educational and Charitable Trust, founded in 1968 by Educationist and Philanthropist Late Shri PK Das, began with Aeronautical Engineering and has since expanded into various Engineering branches, Medical, Nursing, Pharmacy, Management, Arts & Science, and Paramedical Sciences, earning wide recognition and accreditation.

Our courses incorporate the key features outlined by the New Education Policy (NEP), ensuring a holistic and flexible approach to education. These features include:

- **Ability Enhancement Courses (AEC)**
- **Skill Enhancement Courses (SEC)**
- **Value added Courses (VAC)**
- **Multi-Disciplinary Courses (MDC)**

DISCIPLINE SPECIFIC AND PATHWAY COURSES

- Degree with single Major
- Degree Major with Minor
- Major with Multiple Disciplines of Study
- Interdisciplinary Major
- Multidisciplinary Major
- Degree with Double Major

PROJECT BASED COURSES

- Advanced Major
- Summer Internship
- Field -based Learning
- Community Engagement and Service
- Vocational Education and Training
- Capstone Project/Research
- Project/Dissertation

PK DAS LIBERAL COLLEGE OF ARTS & SCIENCE

PK DAS Liberal College of Arts & Science is an initiative of the Nehru Group of Institutions with the dictum, "Knowledge is wisdom". The Trust headquartered at Coimbatore, Tamil Nadu, has spread its wings to the neighboring state Kerala by establishing Educational Institutions of high reputation.

P K Das Liberal College of Arts & Science is situated at Jawahar Gardens, Lakkidi, Mangalam in a picturesque green landscape just a few meters from the road connecting Palakkad to Ottapalam

To be a leading institution of higher education that fosters a holistic approach to learning, blending the realms of arts and sciences, and empowering students to become well-rounded individuals who contribute meaningfully to society. We envision an environment that encourages creativity, critical thinking, innovation, and interdisciplinary collaboration, positioning our college at the forefront of academic excellence.

Our mission is to provide a comprehensive and transformative educational experience that nurtures intellectual curiosity, cultivates a deep appreciation for the arts and science, and equips students with the skills and knowledge necessary for success in a rapidly evolving world.

MESSAGE FROM

DR. K G AJITH KUMAR
PRINCIPAL

Dear Colleagues, Parents and Students

It is with immense pleasure that I invite all of you to PK DAS Liberal College of Arts and Science, Lakkidi, Jawahar Gardens, Palakkad. Thanks to the vision of the legendary founder Shri. P K Das and the able leadership of the present management, the college has become the cynosure of all eyes. The college is committed to liberality. It provides holistic education that combines the best of arts and science. The finest ecosystem is the forte of the college where students are free to seek and find knowledge at leisure.

Our solicitude awaits you. We will teach you how to do things in the best modern way.

I welcome all of you to PKDLCAS with open arms.

BCA (Honours)

Step into the realm of digital innovation with our Bachelor of Computer Applications (BCA) program. Designed to equip you with a solid understanding of computer science principles and practical skills, our BCA curriculum prepares you for a thriving career in the dynamic field of technology. Experience hands-on learning in state-of-the-art labs and unleash your potential in the world of computer applications.

Add on Course

- **Artificial Intelligence and Machine Learning**
- **Data Science/Cyber Security**

BBA (Honours)

Unlock your potential in the world of business with our Bachelor of Business Administration (BBA) program. Tailored to nurture leadership skills and business acumen, we prepare you for success across diverse industries. Gain practical insights and strategic thinking to thrive in today's competitive business landscape.

Add on Course

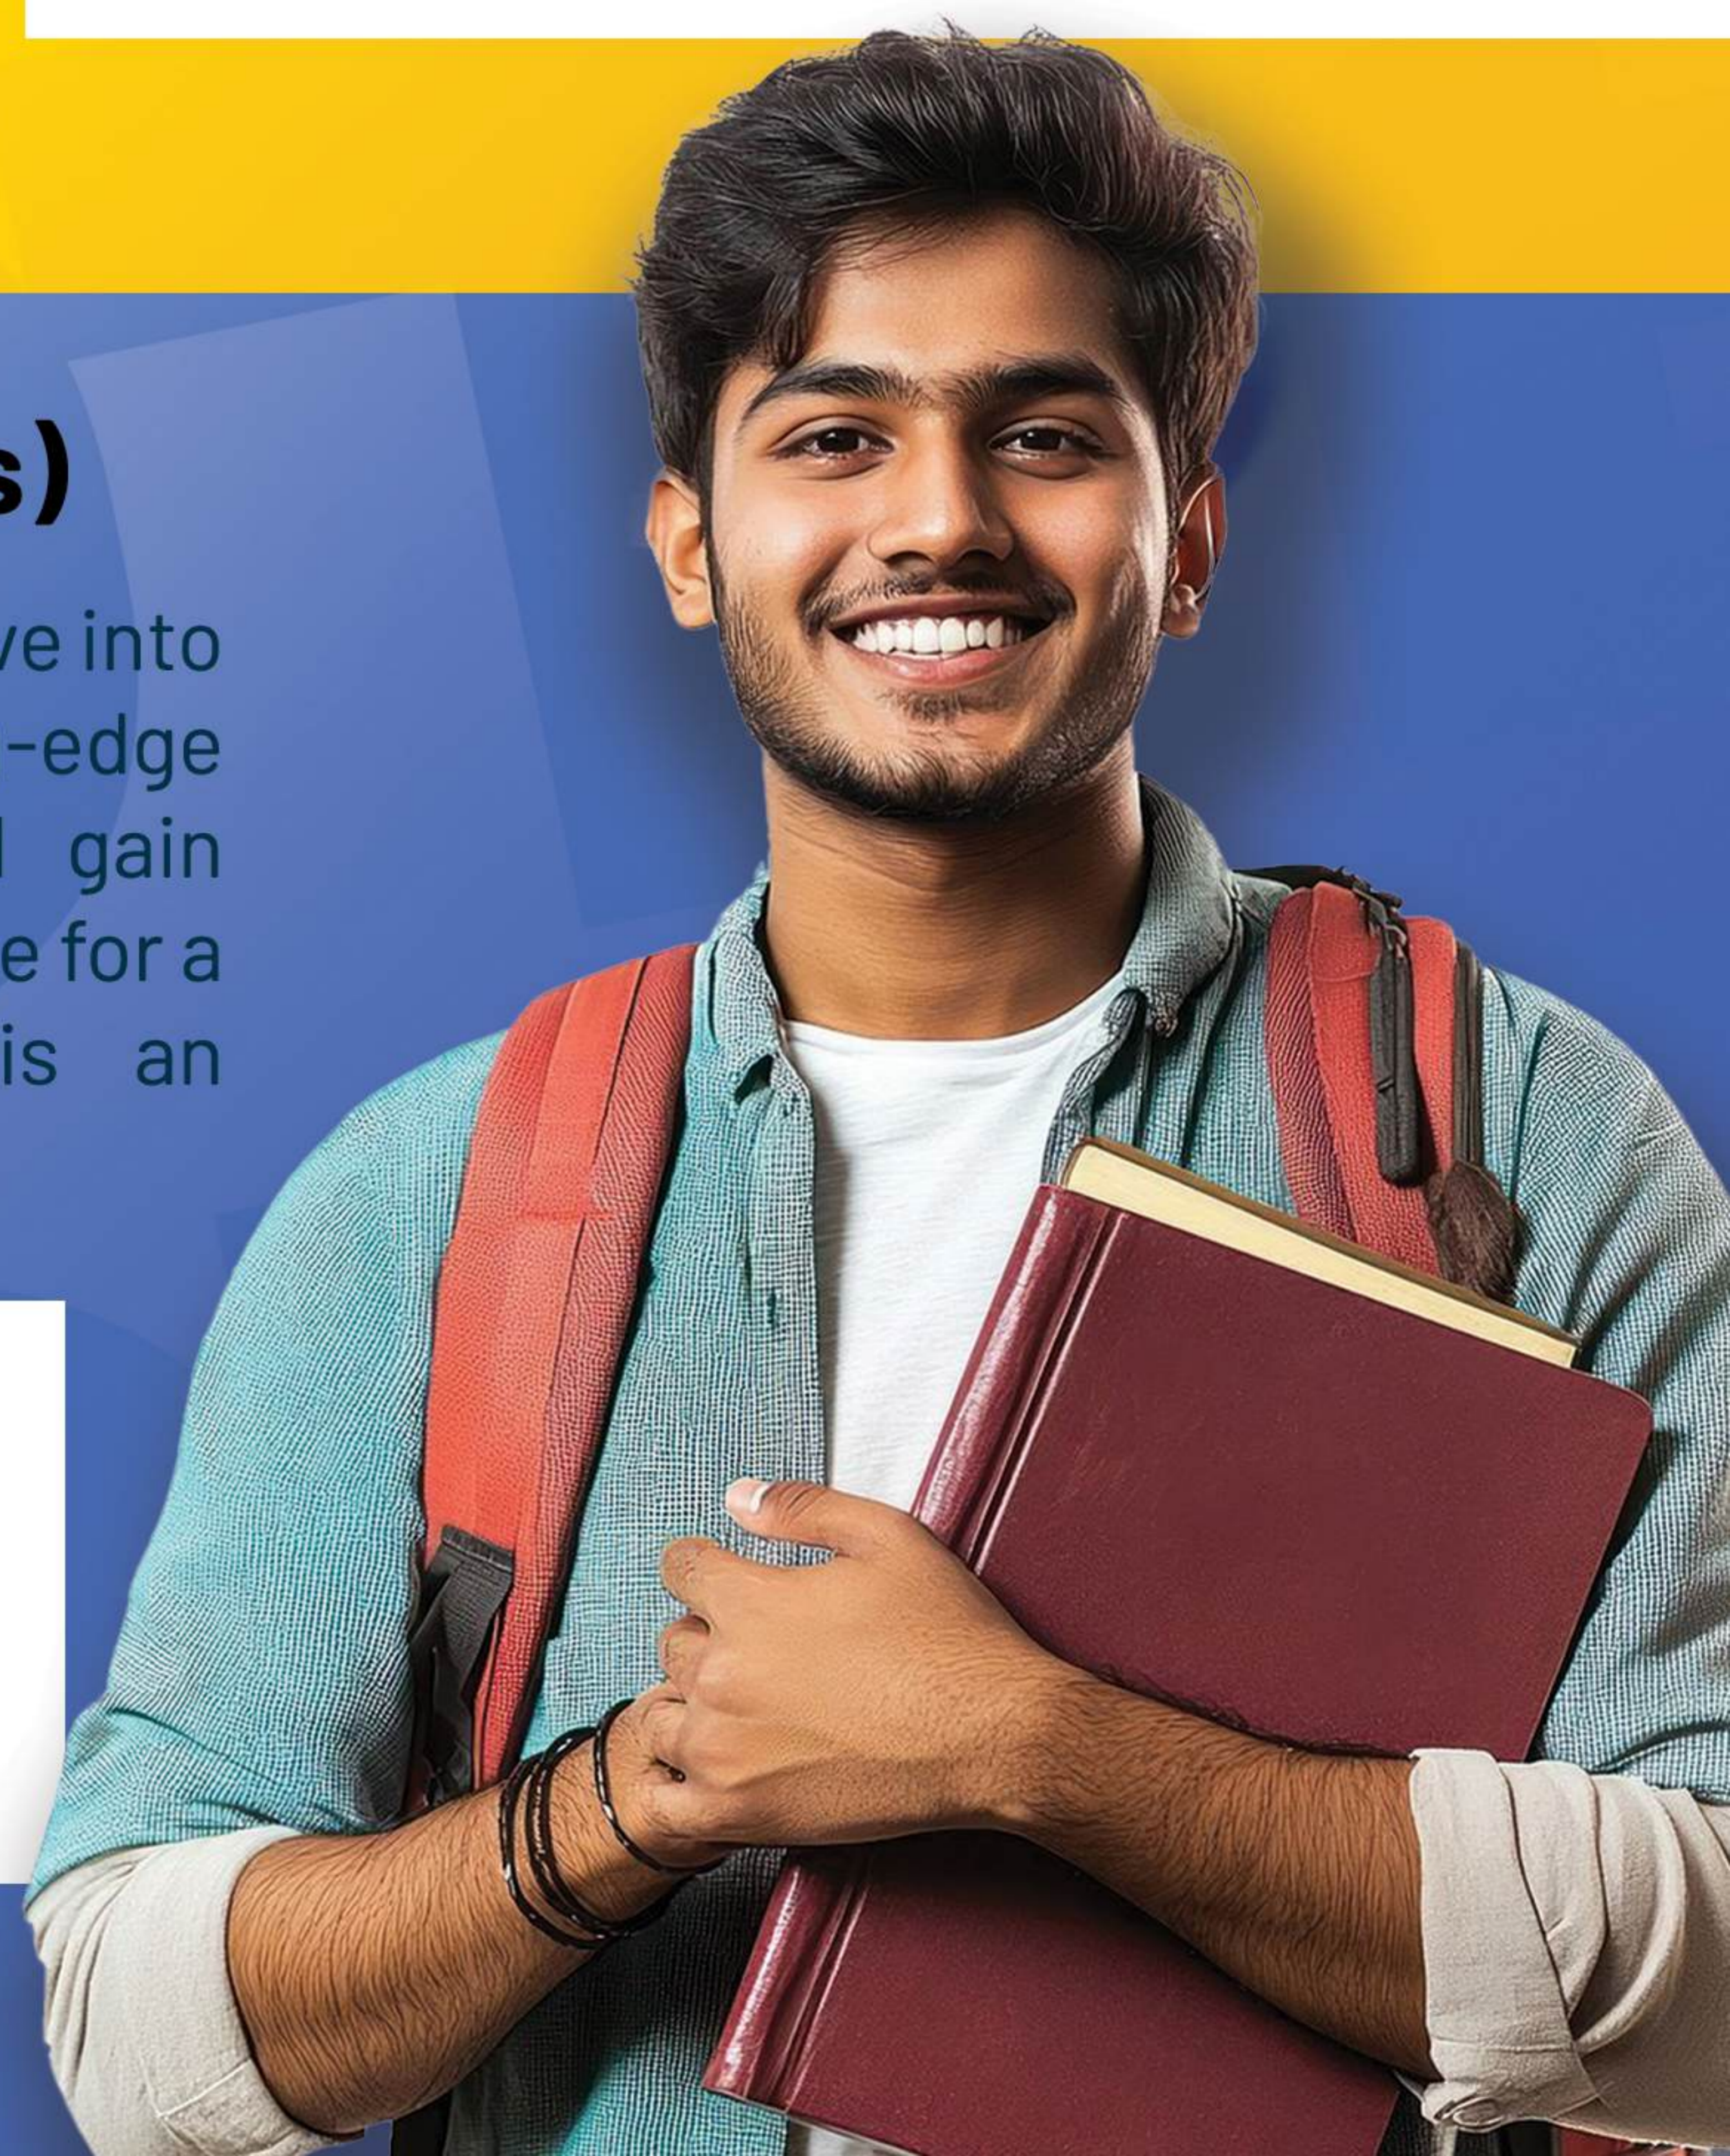

- **Airline and Airport Management**
- **Logistics and Supply Chain Management**
- **IATA (Airline Customer Service)**

B.Sc Computer Science (Honours)

Join our B.Sc Computer Science program and dive into the world of technology. With access to cutting-edge labs, you'll explore innovative concepts and gain practical skills to thrive in the IT industry. Prepare for a rewarding career where every challenge is an opportunity for growth and success.

Add on Course

- **Artificial Intelligence and Machine Learning**
- **Data Science / Cyber Security**

B.Sc Artificial Intelligence (Honours)

B. Sc Artificial Intelligence (Honours) programme has an industry-relevant curriculum tailored for innovators who wish to lead the AI revolution. This cutting-edge undergraduate degree blends Computer Science, Mathematics, and Cognitive Science to equip students with the skills to create intelligent systems that transform industries and improve lives. This programme would provide them with global career opportunities as Machine Learning Scientist, Computer Scientist AIML, Data Scientist, Machine Learning Engineer, Robotics

Add on Course

- **Artificial Intelligence and Machine Learning**
- **Data Science / Cyber Security**

B.Sc Computational Molecular Biology (Honours)

This four-year honours programme offers an interdisciplinary approach combining molecular biology with computational sciences. Students are trained in bioinformatics, molecular data analysis, genetic studies, molecular modelling, and drug design. The programme builds strong analytical and research skills through theory, practical sessions, and project work. Graduates can pursue careers in research institutions, biotechnology companies, pharmaceutical industries, and higher education.

Add on Course

- **Data Science**

B.Sc Airline and Airport Management (Honours)

B.Sc Airline and Airport Management is an honours programme designed for students aspiring to careers in the aviation industry. The course covers airline operations, airport management, aviation safety, customer service, and regulatory practices. Industry-oriented training and practical exposure help students understand real-world aviation operations. Graduates can find opportunities in airlines, airports, ground handling agencies, cargo operations, and aviation service companies.

Add on Course

- **IATA (Airline and Customer Service)**
- **Logistics and Supply Chain Management**

Embark on a journey into cooperative management with our Bachelor of Commerce (B.Com) in Co-operation program. Delve into principles and practices essential for thriving in co-operative societies.

Add on Course

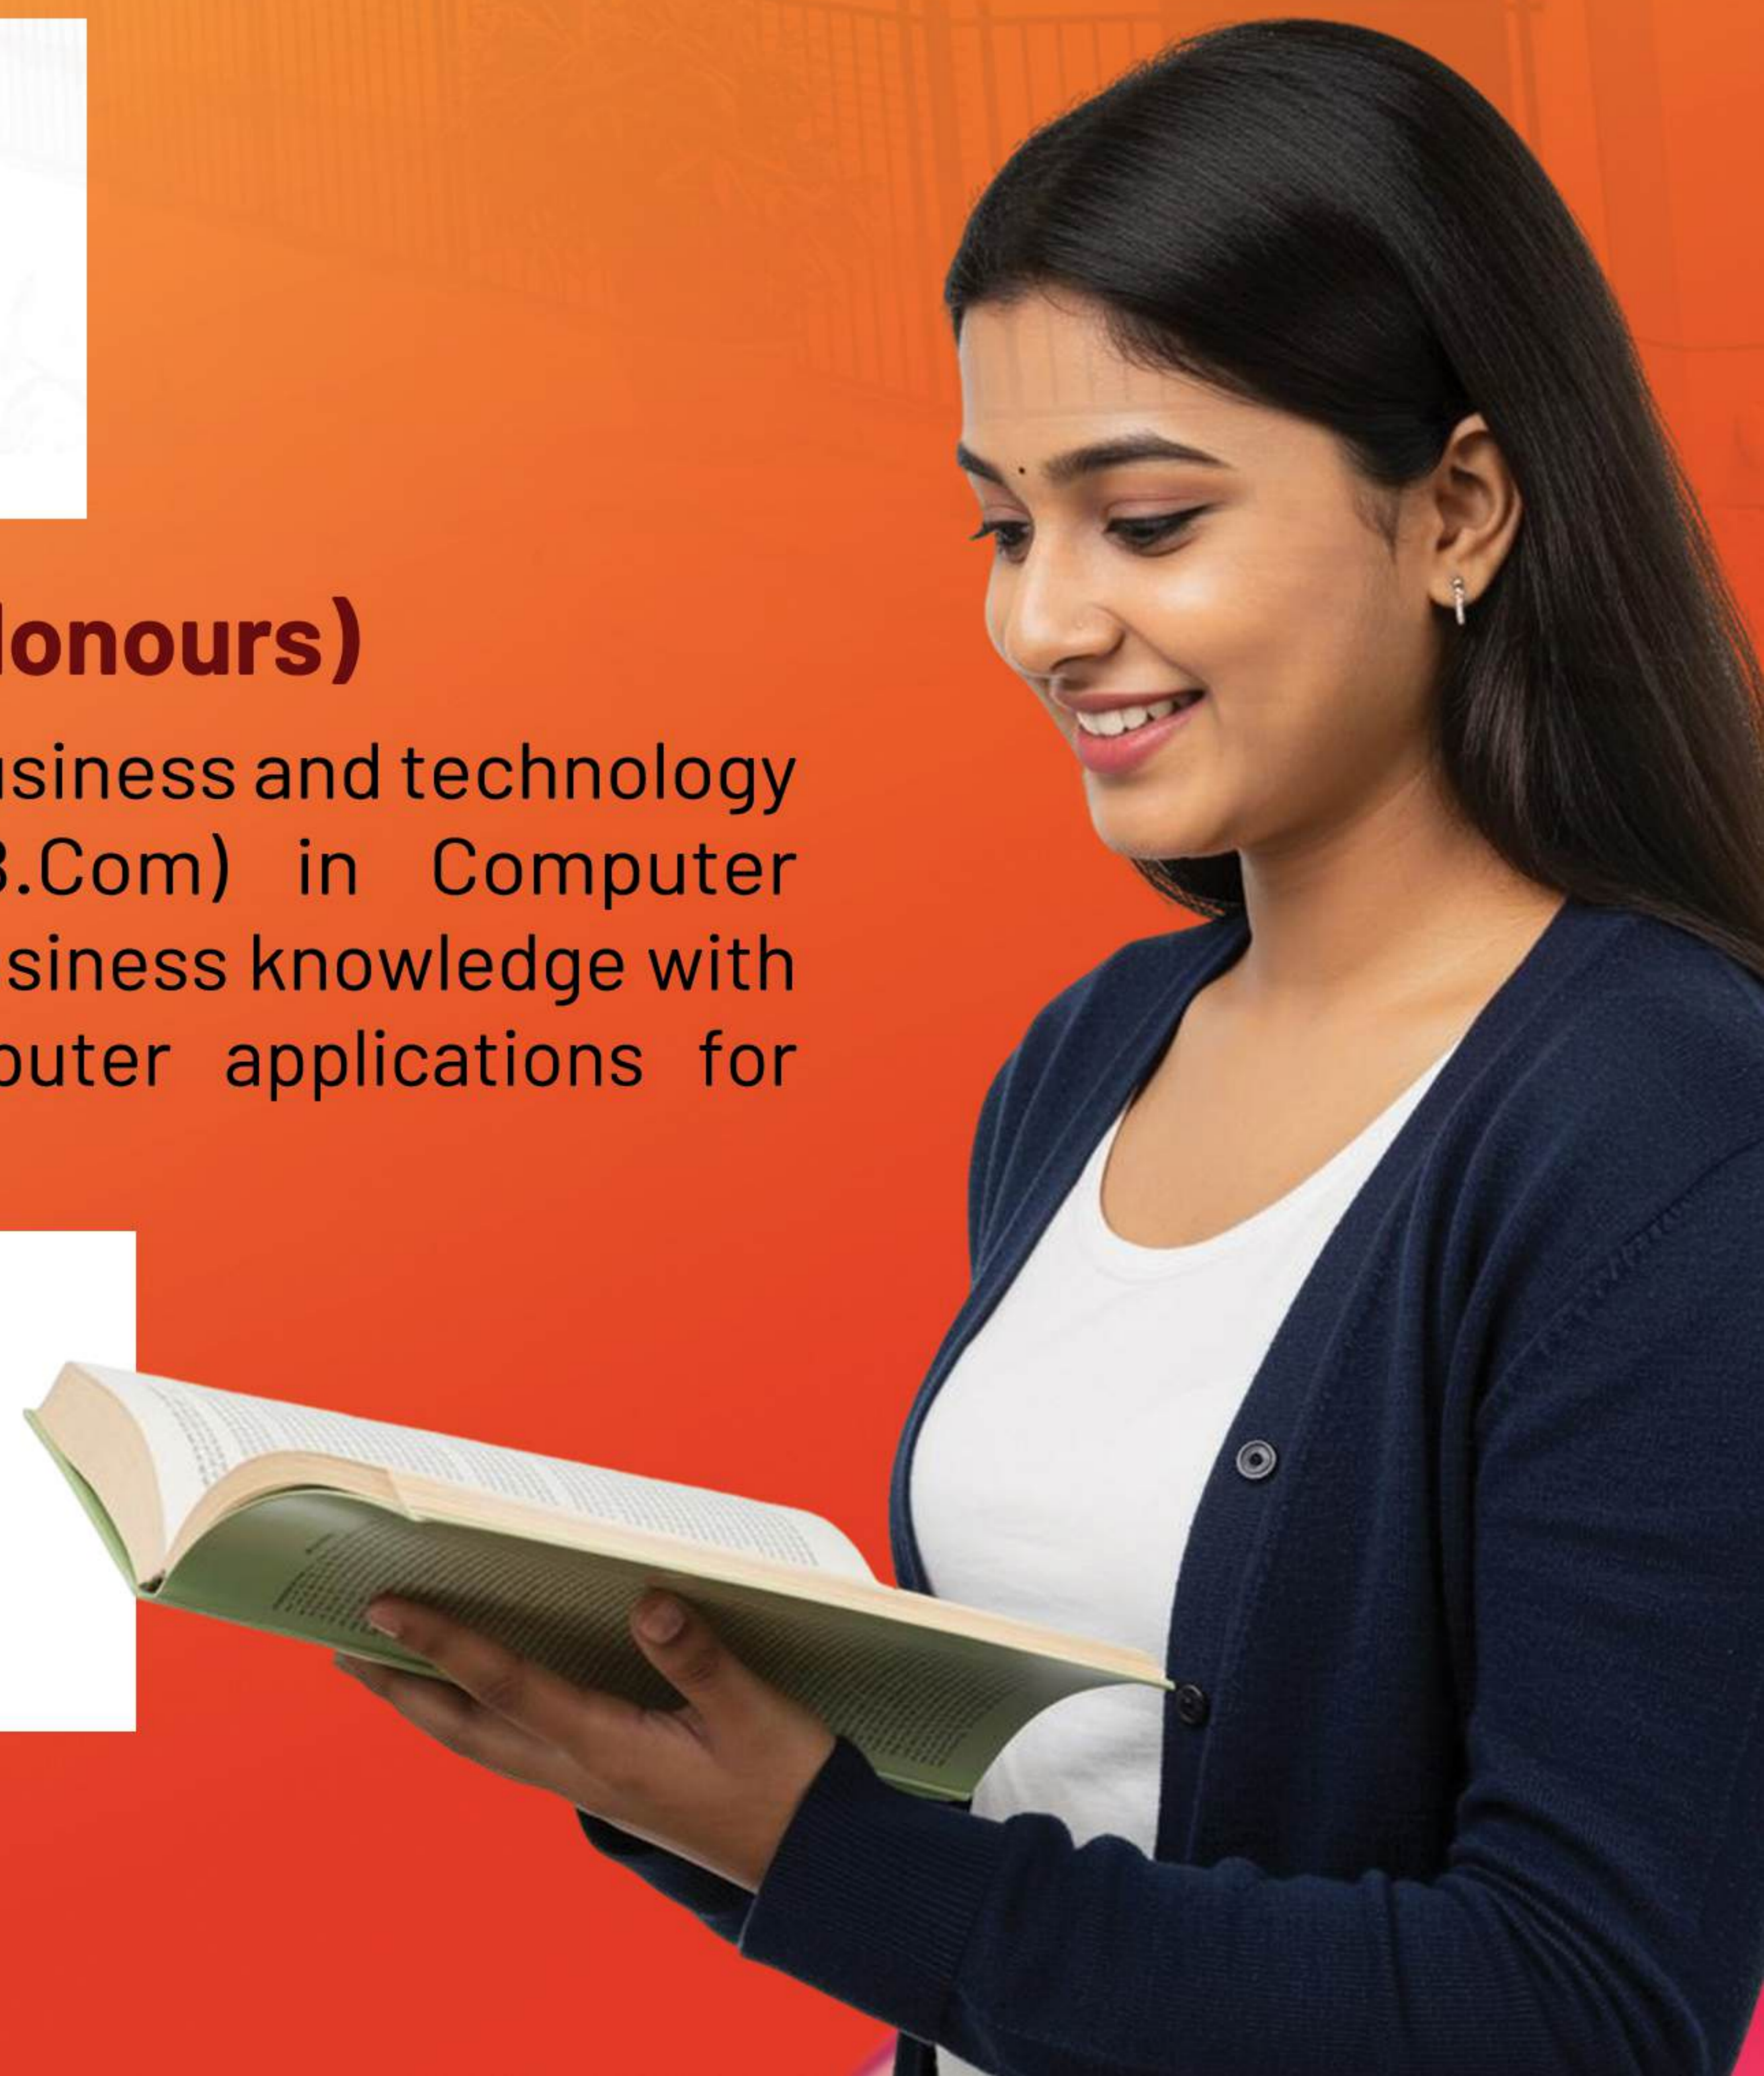

- **CA (Chartered Accountant)**
- **CMA (Certified Management Accountant)**

B.Com Computer Applications (Honours)

Immerse yourself in the intersection of business and technology with our Bachelor of Commerce (B.Com) in Computer Applications program. Blend essential business knowledge with technical proficiency, mastering computer applications for modern corporate environments.

Add on Course

- **CA (Chartered Accountant)**
- **CMA (Certified Management Accountant)**

BA English Language and Literature (Honours)

Literature class at PKDLCAS integrates art, aesthetics, and technology, offering in-depth English Literature study and appreciation of various genres. Students explore literary criticism, gender issues, Indian writings, world classics, linguistics, and film studies.

Add on Course

- **IATA (Airline and Customer Service)**
- **Airline and Airport Management**
- **Logistics and Supply Chain Management**

BA Human Resource Management (Honours)

This programme produces future HR leaders who can effectively manage people and contribute to organizational success. Business knowledge with specialized HR skills are driven home to the students. The students are, further, equipped to navigate the complexities of workforce management in a dynamic global environment. The ever burgeoning world of industry and business is on the look out for able managers. And this programme is tailored to place the students either in industry or business.

Add on Course

- **IATA (Airline and Customer Service)**
- **Airline and Airport Management**
- **Logistics and Supply Chain Management**

B.Voc Optometry and Ophthalmological Techniques

This skill-oriented programme is designed to meet the growing demand in the eye-care and vision health sector. The course provides training in optometry practices, eye examination techniques, vision assessment, lens dispensing, and the handling of ophthalmic instruments. Emphasis is given to hands-on learning through laboratory work, hospital-based internships, and field exposure. With placement assistance and industry support, students are well-prepared for careers in hospitals, eye clinics, and optical centres.

B.Voc Fashion Technology

B.Voc Fashion Technology is a career-focused programme that combines creativity with technical skills. Students receive practical training in fashion design, garment manufacturing, textile technology, and apparel production. Industry exposure, workshops, and internships help learners understand current fashion trends and production practices. Graduates can pursue careers in fashion houses, garment industries, retail sectors, and also explore opportunities for self-employment.

B.Voc Logistics Management

This programme is designed to address the growing needs of the logistics and supply chain industry. The course covers key areas such as transportation management, warehousing, inventory control, and supply chain operations. Practical training, industry interaction, and internships provide real-world exposure. Graduates are prepared for employment in logistics companies, shipping firms, warehouses, e-commerce platforms, and distribution networks.
